

## The smarter POS for Caribbean retail.

No cloud required. No per-transaction fees. No downtime when your internet drops.

### Why store owners choose Kinetix

#### ◆ Offline First

Sells keep ringing even when your Wi-Fi or power is out. Data syncs automatically when you're back online.

#### ◆ Zero Transaction Fees

Square charges 2.6% per swipe. On \$20K/month that's \$520 in fees — every month. With Kinetix you pay nothing per sale.

#### ◆ Local Support

You get a real person who can come to your store. No overseas call centre, no ticket queues — same-day help when you need it.
